

AGE

125mm High endurance concrete grinder with excellent dust control

G125 | CONCRETE GRINDER
10204-005-207-4049-003-026

LED Indicator for optimizing grinding efficiency with overload and overheat warning

Variable speed for different applications

Adjustable ergonomic front handle allows clearance for edge grinding

Robust 2200W universal motor with constant speed grinding for creating even finishes

Tool-free sliding cover for edge grinding

Effective dust control skirt with spring suspension and replaceable brush

MODEL

G125

Power Input	2200W (220V)
Voltage, Frequency	220-240V~ 50-60Hz
No Load / min ⁻¹	4300 - 7200
Wheel Diameter	125mm (5")
Arbo	22.23mm (7/8") & 25.4 (1") (Double-Sided)
Spindle	M14 or 5/8-11 (Specify when ordering)
Dimensions (LxWxH)	500mm x 195mm x 175mm
Weight	4.7kg (10.3Lbs)
